

A CALL TO ACTION

for Suicide Prevention

Sagadahoc County, Brunswick, Harpswell & Wiscasset

Working together we can make a difference.

**Presented by the Midcoast Community Alliance,
Bath Police Chief Mike Field, and NAMI Maine.**

We've lost more than 20 loved ones to suicide over the past five years.

In 2015, 1 in 5 of our high school students had considered suicide in the past year.

Some of our family members and neighbors are struggling with addiction and its deadly effects.

Only 49% of students felt like they matter to people in their community.

Join the conversation & learn how we can all work together to heal our communities.
