**Next Step: Please complete the attached RSU1 Release of Information**

**Why we ask for a School Release of Information:**

The Family Educational Rights and Privacy Act (FERPA) is a federal law that affords parents the right to have access to their children's education records, the right to seek to have the records amended, and the right to have some control over the disclosure of personally identifiable information from the education records.

Signing the Release of Information allows MYC staff to communicate with RSU1 faculty and staff and your family to learn the best ways to support your child academically and emotionally. It also allows the school to alert us if there have been any student conflicts that we need to be aware of. It also helps us stay informed with student homework and school projects that we can assist your child with during the afterschool hours.

The more we can all communicate together, the stronger your child's support network will be!

**What we do with this information:**

We are fiercely protective of every child's right to privacy and use this information only within our organization to better assist your child. We use de-identified demographic and statistical information for grant reporting purposes.

**How to Cancel:**

If you sign a release and later want to cancel – it's easy! Just contact us or call the school and we will take care of that right away.
